What experience do you want your kids to have?

Illusions For Kids are the only entertainment company in the UK that offer deluxe packages for children's parties. We combine Las Vegas style grand illusions with Pantomine style comedy. We can even make your child appear by magic in front of all their friends and family or float in the air on a flying carpet.

Themed Shows

Illusions For Kids have a number of themed shows which are perfect for any occasion. Imagine reliving the magic of Disney's Aladdin in our Welcome to Agrabah Show or having your children embark on an adventure at sea in our Pirate Show - Captain Sparerib and the Curse of Billy Bones.

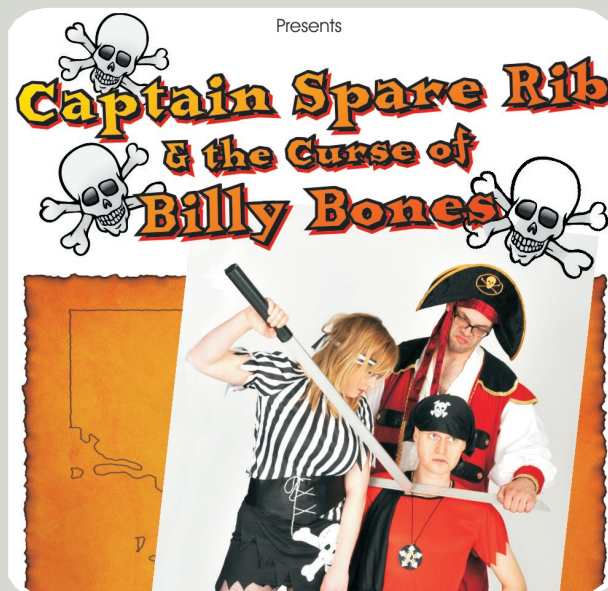

School Shows

Illusions For Kids have over 15 years experience performing in schools. They have consulted with numerous Head Teachers from around the UK while developing their shows. In fact many schools actually set creative writing assignments for children based on our performances.
